## NEAREST THE EXPO GROUNDS

Advantages Offered to Visitors at Newport News.

HOSPITALITY AND COURTESY

Points of World-Wide Historic Interest on Peninsula.

FINE SITE FOR CONVENTIONS

Quick Transportation, Ample Hotel Accommodations, All Neighboring Points Within Easy Access.

The attention of the expectant visitor to the Jamestown exposition is called to the many advantages to be found in the city of Newport News, Va. Here the citizens have prepared to make their guests comfortable to the utmost of their ability, and at reasonable rates. Of course, the charges vary according to locality and style of service rendered, but there is an air of genuine southern hospitality, and it is claimed that imposition and extortion are two words unknown.

As to the advantages offered by the city of the north side, that of location is beyond all question with Newport News. Being high and consequently well drained, its

John B. Morton.

healthfulness is assured. It is also nearer the exposition grounds by several miles than other neighboring cities, and, having provided ample means of transportation, the safest and most comfortable that money could secure, visitors are assured that all has been done that is possible to enhance safety and pleasure.

Up-to-Date Newspapers.

Newport News has two up-to-date newspapers—the Press in the morning and the Times-Herald in the evening. They give the current news up to the latest hour with able editorial comments on all important topics. The large subscription list and liberal patronage of the advertising columns attest the appreciation of the public, and the enterprise of the publishers is amply attested in the excellent news service.

In addition to these obvious advantages, there are many points of interest that will claim the attention of those interested in the history of our country and the marvelous advance made in all branches of mercantile interests and in the "nobler art of self-defense," as is attested by the unequalled means and methods in daily use at the Newport News shipyard, second to none on earth.

Fine System of Piers.

An inspection of the system of piers along the waterfront will convince any one of the great importance of the shipping interests of Newport News.

The enormous elevators apparently capable of taking care of the grain of a nation, the miles of track burdened with trains of coal awaiting shipment, all give mute testimony to what is doing and what can be done in the magic city.

Besides this, the buildings, both public and private, are well worthy of inspection and the people of the enterprising southern city have no cause to blush in calling attention to what is doing and what can be done in the magic city.

Few cities have a finer custom house and post office than Newport News, and many of the churches are very ornamental and afford every convenience for the work of the Sunday school, the congregation of the pastor.

Peninsula of Historic Interest.

The points of world-wide historic interest on the peninsula probably outnumber any other locality of equal size in America. Not to mention the deeds of the early worthies, which every child has at his finger ends, the scenes of no less renowned deeds of valor and endurance of our grandfathers and fathers are all about us.

There is Yorktown, accessible by a delightful trip by boat; the fields of Big Bethel and Little Bethel, where the civil war; the scenes of the tremendous conflicts between McClellan and Grant and their indomitable opponents who led the armies of the south—all full of interest to the most casual student of American history.

Has Many Advantages.

The advantages of Newport News as the exposition city are many.

Newport News is the closest city to the exposition grounds and is the only city within sight of them.

Newport News has the quickest and best transportation service to and from the exposition grounds.

Newport News has ample hotel accommodations, and visitors can be accommodated without trouble to them.

Newport News is in close proximity to all of the principal points of interest connected with the exposition.

Newport News is the capital city of the historic Virginia peninsula and is connected with Jamestown, Williamsburg, Yorktown, Hampton, Old Point and the historic battlefields of the revolutionary and civil wars.

No other city is located within such easy access to these points as Newport News, and visitors to the exposition can enjoy the advantages that are set forth, all of which are well known to the people of Virginia, but are not generally known throughout the country.

The city realize this and are about to embark upon a campaign that is expected to put these facts before the general public.

Fine Convention City.

One of the most largely attended and enjoyable social sessions in the history of Elkdom in Newport News marked the close of the local Elk's home lately of the first annual convention of the Virginia State Lodge, B. P. O. Elks. The visiting Elks seemed well pleased with the entertainment given them during their stay in the city and with the convention, which turned out to be even more successful than any one had expected.

number of ladies and other especially invited guests.

For a half hour or more all present were busy clearing out of the many good things that had been prepared for the occasion. The luncheon over, the members of the board of trustees proceeded to have a very good time, much to the delight of the guests. There were dances, songs, cake walks and other amusing "stunts" which were brought to a close with a grand march around the main auditorium of the building to the strains of "Dixie," rendered by the Soldiers' Home Band, which played throughout the session. In the line of march were a hundred or more Elks and nearly all of the members of the Huntington Rifles.

The citizens of Newport News are a unit in the matter of entertaining members of conventions and the events are invariably master occasions for all the visiting delegates.

## CENTRAL LABOR UNION

COMMITTEE NAMED TO CONSIDER REYNOLDS' REPORT.

The session of the Central Labor Union last night was presided over by Delegate John W. Colpoys in the absence of President John H. Brinkman, who is in Philadelphia on business connected with the Carriage and Wagon Workers' International Union, of which he is the general secretary-treasurer.

The special order of the evening was brought up by Delegate Dickman and related to the Children's Playgrounds Association. Mr. Dickman stated that Congress had failed to appropriate sufficient funds to carry the association through the season, and asked that the central body make a small appropriation of money, which was done, but not before a discussion was had relative to the merits of the organization, some of the delegates evincing a high degree of hostility to the proposition and alleging that the funds were now being used for donations would go after Congress enough money could be had without asking labor organizations to put up a cent.

A letter was read from the secretary of the Presbyterian Ministerial Alliance, Rev. D. W. Skellinger, who is now in Columbus, Ohio, attending the general assembly of the Presbyterian Church, in which he stated that that body had taken steps to go on record as favoring a Saturday half-holiday for the working men and women of the country.

It was announced that Dr. Skellinger, who has been the pastor of the Presbyterian Church at 8th and C streets southwest, will preach his farewell sermon Sunday evening next, and on motion of Secretary De Nedrey the Central Labor Union delegates decided to attend the service in a body. It was developed that the Presbyterian Church is the only one in the country that has a system of exchanging delegates with central bodies, and the church delegates, it was stated, invariably make many friends among the labor men. The exchange of delegates between labor organizations and ministers' associations is said by delegates from both bodies to have proved mutually beneficial.

On motion of Delegate Roberts, President Pro Tem. Colpoys appointed a committee consisting of Delegates Roberts, Feeney and McLaughlin to attend the next session of the Central Labor Union of Alexandria, Va., and extend an invitation to that body to exchange fraternal delegates.

The committee appointed at a recent meeting to consider the proposition of giving a smoker, to which the representative business men of the city are invited, reported that the committee had a favorable report to make and would submit its plans at the next meeting.

The miscellaneous trades or label section of the central body, recently proposed, and which will be the diversified trades what the Mechanics' Alliance is to the building trades, has been approved by the trades entitled to representation, and its first meeting will be held Thursday night, when the organization will be completed.

Celebration of Labor Day.

The committee having in charge the arrangements for the celebration of Labor day reported favorably the proposition submitted by the management of Luna Park and recommended that the proposition be accepted. The recommendation was adopted, and Labor day festivities will be held there.

Secretary De Nedrey moved that a committee of five be appointed to investigate and study the report recently made by Special Agent J. P. Reynolds, of the Department of Labor, recommending certain changes in the form of the District government, the committee to report to the central body. The motion was carried, and the committee was appointed. It was also decided that the committee should be composed of one delegate from each of the unions represented in the central body, and that the committee should be empowered to make such investigations as might be necessary to carry out its duties.

The motion prevailed, and the chair appointed Delegates De Nedrey, of Typographical Union, Delegate Considine of the Sheet Metal Workers, Delegate Adams of the Marine Engineers, Delegate Webster of the Bookbinders and Delegate Feeney of the Bookbinders to act as such committee.

It is understood that Mr. Reynolds has asked to be allowed to have a conference with the committee when it meets, as he says it is his desire to get fully in touch with the sentiment of all on the subject of his report.

## CUMBERLAND CITY ELECTION.

Republicans Control Council by Same Majority as Heretofore.

CUMBERLAND, Md., May 21.—The election held yesterday was the most important of any of the year in the history of Cumberland. The result gives the republicans control of the council by the same majority as heretofore.

The successful candidates are: First ward, George A. Reinhard (dem.); second ward, Harry S. Carberry (rep.); third ward, Ward S. Eichelberger (rep.); fourth ward, Philip P. Smith (dem.); fifth ward, Charles R. Kyler (rep.); sixth ward, Solomon George (rep.). The vote cast was exceptionally heavy.

The question of the city water works by the addition of a new pump was lost by a decisive vote. For the issue, 1,044 votes were cast, and 1,126 against it. A two-thirds vote is required to carry a bond issue. Many people voted against the issue because the Police Board is now in the hands of the city.

It is claimed that the tax on the present plant is too great, and for the sake of an adequate supply to protect against fire the issue should have carried. As a result the insurance rates may be advanced. Both parties claim to extract comfort out of the result.

Sick Man Was Determined to Die.

WINCHESTER, Va., May 21.—Respondent over a long illness, John A. Shert yesterday arose from his sick bed, stood in front of a mirror and fired a bullet into his brain. Death was instantaneous.

The tragedy occurred at the home of the young man's father, Mr. Shert, a well-known jeweler in Winchester. John Shert was thirty-two years old and is survived by his parents, one brother and one sister. His mother is Mrs. Mary Shert, formerly Miss Mary Abbott of Brandy Station, Va.

City Will Operate Railway.

SAN FRANCISCO, May 21.—San Francisco is to make an experiment in municipal ownership, and will take over the Geary street railway, according to a decision reached yesterday by District Attorney Langdon after a conference with Chairman of the Board of Public Works, Mr. George W. Brown, who stated that the city body will at once appropriate \$400,000, and this sum will be added in the June budget to the \$350,000 already appropriated for the purchase of the railway.

The street line lost its franchise through refusal to operate cars as a result of the strike.

## JEROME IN GOULD SUIT.

Wants to Know If Blackmail Charges Warrant Inquiry.

NEW YORK, May 21.—District Attorney Jerome announced last night that he would visit Police Commissioner Bingham today in connection with the Howard Gould case. There has been considerable public discussion as to what part the police have taken in connection with the suit for permanent separation, which Mrs. Howard Gould has filed against Mr. Gould.

It has been intimated that central office officials and detectives were employed to get evidence for Mr. Gould against his wife. Mr. Jerome said last night:

"It shall be our duty to investigate, and if there is anything in the matter that warrants an investigation by my office I shall speedily attend to such an investigation. As yet my information on the matter is very meager. I might say I know nothing about it, except that blackmail is alleged."

Edward Sholes, the race track man, whose name has figured prominently in the investigation into the interest of the police in behalf of Mr. Gould's defense of his wife's divorce suit, and Detective Frank Peabody, one of the sleuths who has been actively active in seeking evidence against Mrs. Gould, each had an unpleasant half hour yesterday with Deputy Police Commissioner Hansen regarding what progress he had made. He said:

"Sholes was found on Saturday and asked to come here. He came. I can tell you that information I have obtained, but it was of great material aid in discovering what it was that started the police against Mr. Gould."

Capt. McLaughlin, former head of the detective bureau, is reported to be still too sick to appear before Gen. Bingham. A few pertinent questions which the commissioner has framed.

Clarence Shearn, counsel for Mrs. Gould's suit for permanent separation from her husband, has been filed in the supreme court, and the papers in the case have not been served on Mr. Gould.

Mr. Shearn said that Mrs. Gould brought suit on the ground of cruel and inhuman treatment covering a period of more than three years. The lawyer also declared that the suit will be tried in open court, and that the papers in the case have not been served on Mr. Gould.

"Mrs. Gould desires that full publicity be given to it, and she refuses to spare any one engaged in the plot against her."

## Boy Killed a Comrade.

PHILADELPHIA, May 21.—Twelve-year-old Henry Krug of 1502 Lawrence street, this city, dropped dead yesterday afternoon just as he was about to be taken into Cooper Hospital, Camden, after a ride on a trolley car. He was with a friend, who placed the boy in his car. The wound was inflicted with a rifle accidentally discharged by Joseph Schratz of 436 Fernberg street, this city. Schratz is the same age as Krug was. He fled to his home immediately after the shooting, but was accompanied by his father, returned to Camden last night and surrendered to the police, sobbingly confessing that he had shot his playmate. He was locked up, with Francis and Albert Doer, brothers, of 3248 Farragut avenue, Camden, who witnessed the shooting. At first it was said that Krug had accidentally discharged the gun himself. The four boys, friends, were firing at birds, the Philadelphia boys having gone to Camden to visit the Doers. The rifle had been passed from boy to boy before the shooting. After the accident the children were escorted by a companion to Camden, alarmed, but not understanding how serious the wound was, when they were met by some men who placed the wounded boy on a trolley car, first telephoning the police. An ambulance met the car, but the boy was dead.

# ONLY 9 DAYS

LEFT BEFORE THE GREAT SALE OF NORTH RANDLE HIGHLANDS

When Randle Highlands was put on the market, about eighteen months ago, purchasers camped on the ground all night before the day of sale. Many were offered 100 per cent on their investment before the day was over. Lots which sold for \$250 then are now selling for \$600.

You can select your lot in advance at North Randle Highlands before the great sale on the 30th of May, when there will be two bands of music and refreshments on the ground. Come out and spend the day—you can take your lunch under the trees or by the side of the brook and enjoy the bracing air from the Highlands and the grand panoramic view of Washington. Don't lose this opportunity, if you did the last, to secure a lot or a villa site for a home or investment. You can go out and make a personal inspection of the property free of cost, and secure a choice lot before the great opening day, the 30th of May. Lots and villa sites from 3 cents to 16 cents square foot, which is \$75 to \$450 a lot—\$25 cash—balance \$5 per month.

If you want to get ahead of the great rush of purchasers, cut out the coupon in the corner, and a map, with prices, and an automobile will be sent to you at the time you designate in coupon.

Bids for Rails Opened.

Bids have been opened by the purchasing agency of the Panama canal here for 5,000 tons of steel rails, for railroad construction on the isthmus. But two bids were received, one making the price \$158,750, for the rails, delivered at Colon, and the other \$162,250. The lowest bid was submitted by the Maryland Steel Company, the other by the United States Steel Products Exporting Company.

Returning, it will leave Atlantic City at 2:15 P.M. weekdays and arrive Washington 7:00 P.M.

Full information in regard to rates of fare and parlor car reservations will be furnished by Ticket Agents or B. M. Newbold, P. A. S. E. D., 15th and G Streets N.W., Washington.

## Virginia Court of Appeals.

RICHMOND, Va., May 21.—The Virginia court of appeals yesterday granted a writ of error in the case of H. G. Hennings vs. William A. Parsons, which comes up from circuit court of the city of Richmond

on a judgment entered February 14. The plaintiff in the case below, W. A. Parsons, recovered from the defendant the sum of \$600, with interest from January 1906, after instituting suit to recover a commission alleged to be due from the defendant for the sale of the defendant's farm in Goodland county to Martin T. Krueger.

Gathered in the lodge home when the final social began were several hundred Elks, including all of the delegates, a large number of the members of the local lodge, a hundred or more from the Hampton lodge, the officers and men of the Huntington Rifles, a
